COMPANY

JINKS

MANCHESTER

I am so excited to be welcoming more dancers to the Company Jinks community and launching the training program in Manchester. The core values of my company are **love, community and connection.**
I believe that to improve our dance skills we must be consciously growing as humans.
We are so lucky to have this gift to express how we feel and to tell stories through movement.
This program will give you the tools to improve your dance abilities as well as guiding you to a more connected sense of self. It's a trusted and comfortable space that is inclusive of all genders, sexualities, ethnicities and celebrates our individuality.

By taking this program, you will join the Company Jinks community where you can connect with all other members and take part in exclusive events.

COMMITMENT/ You are required to join for one whole term.
If you cancel less than 3 days before a session you still have to pay for that week.
After this, I want you to take this journey for as long as you desire with no pressure. After one term, if you wish to not attend anymore, I ask for a minimum of 2 weeks notice. We will have a WhasApp group to communicate.
